

ARTS  
that  
TOUCH MY HEART

**“The art of people is true  
mirror of their minds.”**  
- Jawaharlal Nehru

**Art = the expression or application  
of human creative skill and  
imagination, typically in a visual  
form such as painting or sculpture,  
producing works to be appreciated  
primarily for their beauty or  
emotional power.**

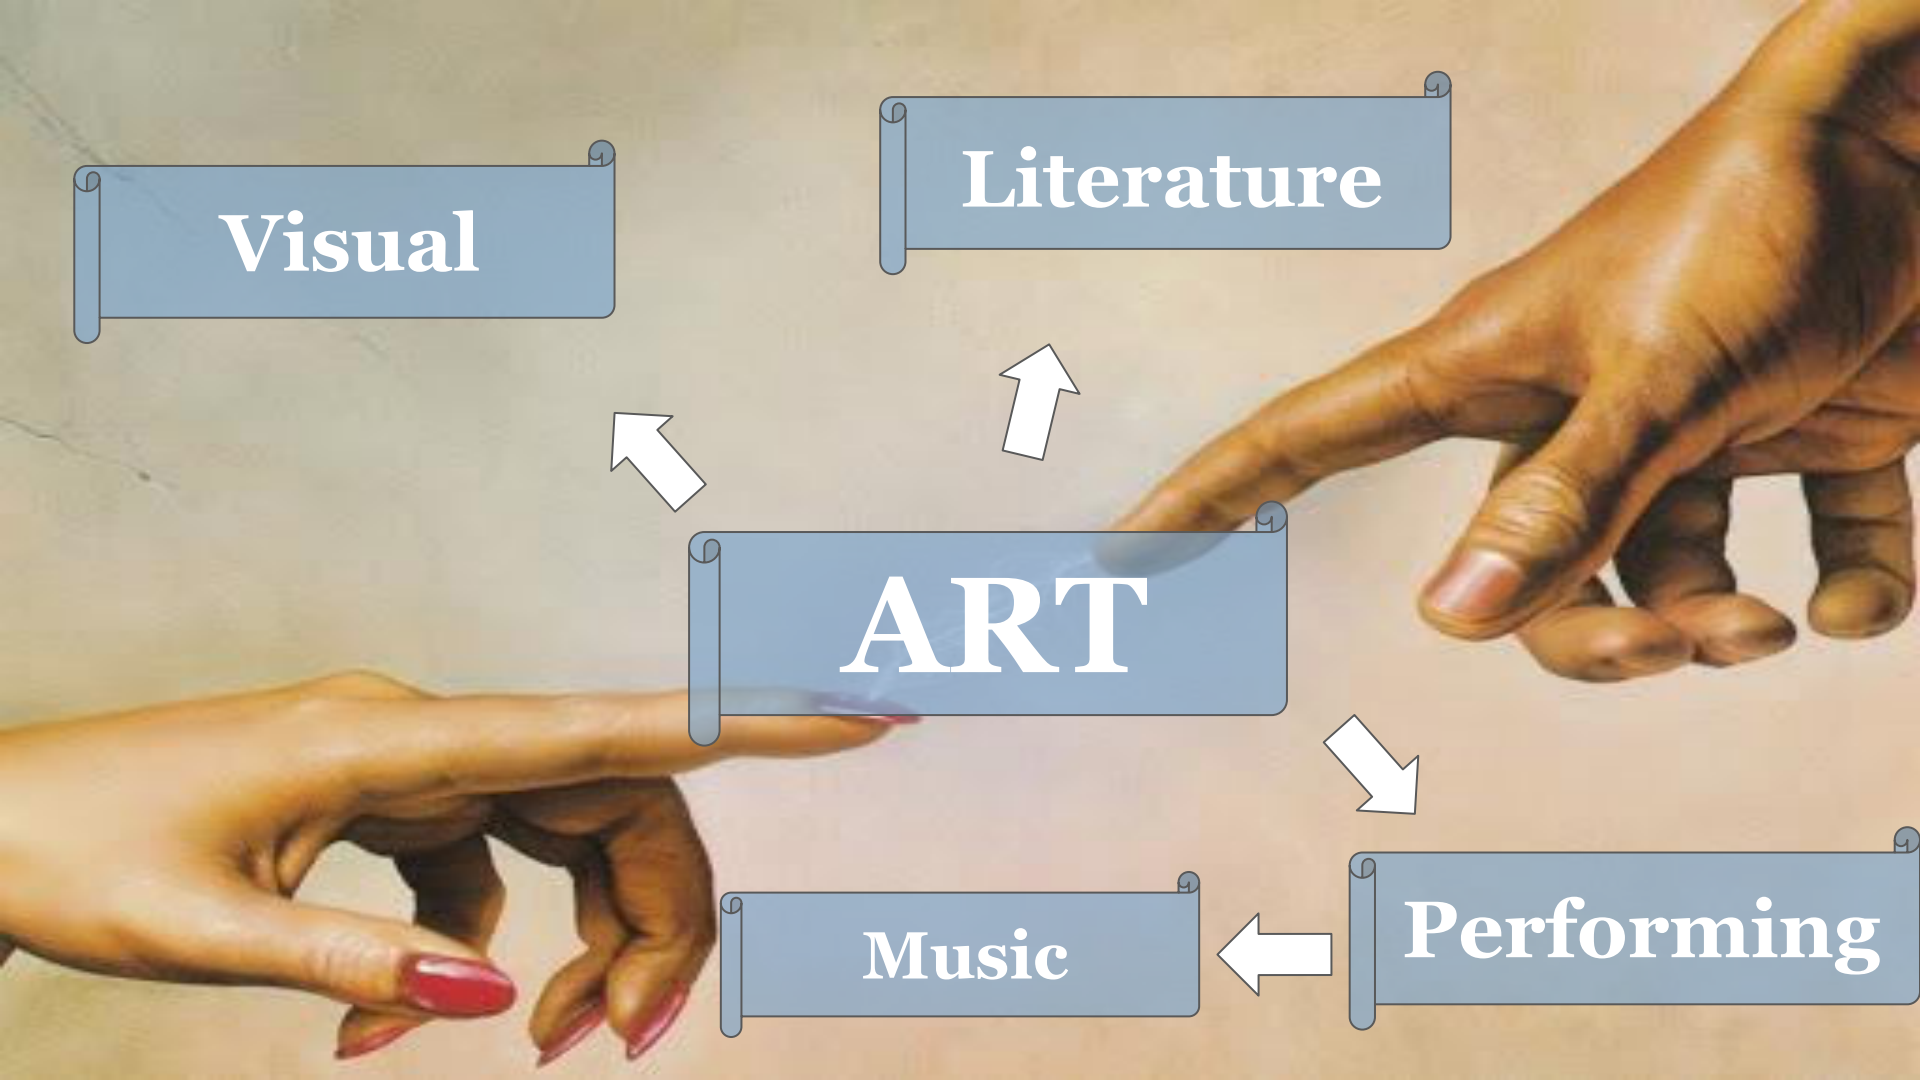

**Art evokes the mystery without  
which the world would not  
exist.**  
- Rene Magritte

**“The work of art is a scream  
of freedom.”**  
- Christo

**“Art enables us to find ourselves  
and lose ourselves at the same  
time.”**  
- Thomas Merton

**For me, art means expressing  
yourself in ways you want or  
can. Something what makes  
you look at or listen.  
Art is everything around us  
even the oxygen we breathe.  
It just depends on our point  
of view.**

Do you know that type of emotion, when you feel like absolutely nobody, but it calms you down?

Yes, that's how I feel when I look at any types of universe photos.

# Milan Kundera

## Slowness

Translated from the French by Linda Asher

'One of the best novelists alive.' *Sunday Times*

ff

*Slowness* is the first novel Milan Kundera has written in French. Disconcerted and enchanted, the reader follows him through a midsummer's night in which two tales of seduction, separated in time by more than two hundred years, interweave and oscillate between the sublime and the ridiculous.

As Kundera's readers would expect, *Slowness* is at the same time a formidable display of existential analysis. Slowness (and rapidity), discretion (and exhibitionism) are the principal concepts, and those which are to the reader like the vital keys for understanding life in our contemporary world.

'Rapid, brief, intelligent, sexy and amusing.' *Independent on Sunday*

'There is not a longer to be found in this quickest of Kundera's novels.' *Times Literary Supplement*

'Full of lightsome charm . . . rippling with philosophical jokes and satirical sketches.' *Guardian*

'*Slowness* modulates between fiction and fantasy, between memoir and essay, but with so mercurial an insouciance, it seems almost never to touch the ground.' *Independent*

Zemřela matka a do hrobu dlna,

- the only poetry book from which I read all the poems
- my favorite poem is “Zlatý kolovrat”, (Golden wheel), because it ends well and fairly
- I don't really appreciate poem “Dceřina kletba” (Daughter's curse). I haven't any particular reason, it just doesn't give me the same emotions as the others poems

A theatrical performance on a stage. The backdrop features a large, glowing full moon in a dark, starry sky. To the left, there are vertical light streaks resembling rain or falling petals. The stage is lit with blue and purple lights. A group of performers in patterned, textured costumes with red accents are performing. Some are on the floor, while others are stacked in a human pyramid. One performer is standing on the shoulders of others, reaching up. The overall atmosphere is dramatic and artistic.

# Euphoria

This one of the best teenage series in the world. Each character is deeply shown and this visual aesthetic is mesmerizing.

## Sia

- music video clip
- contemporary dance
- singing by Sia
- lyrics by Sia, The Weeknd and Diplo
- dancers: Maddie Ziegler  
Shia LaBeouf

This is one of the most beautiful video clips I've ever seen. It has a very deep meaning that can be seen in so many different ways and yet none of them can be wrong. Pure connection between powerful music (with “unreal” vocals by Sia) and emotional dancing with expression of so many kinds of emotions. I was literally shaking when I first saw it.

In these many kinds of understanding of this video, I prefer the original one, which was “created by Sia herself”, to see two types of personalities (Maddie is hyperactive, Shia is calm) fight against each other in one head, one soul (the cage). It shows “a personality disorder” - mental illness that Sia's long been treating.

# Find me

## G. Papadakis/G. Cizeron

- ice dance
- choreography: Romain Haguenauer, Marie-France Dubreuil, Samuel Chouinard
- artist: Gabriella Papadakis  
&  
Guillaume Cizeron
- music (spoken word) - Find me

**These two are reason why I watch ice dancing and prefer it to figure skating. They are not doing sport anymore, they are creating ART. Each performance from them since 2015 is breathtaking, but this performance is something special. The text of the song “Find me” is spoken, so they dance mainly to the “rhythm of speech” and express every word with their movements. In ice dance party they are incomparable to other pairs because they are completely different class of beauty. I can’t express it by words, you have to see it.**

**MUSIC**

Music is life.

# Tokio Myers

- pianist and multi musician
- he combines piano with other instruments
- mixes classical with modern music or only modern music

# What type of art I hate?

- arts, especially video clips with sexual content that doesn't have other deeper meaning than just earn more views (today's society is very "sexually oriented") or just doesn't have a reason at all

My wish is visit TMBK exhibition. Why? Because of...
